Comments:

I am still concerned that you will allow a request to be sent through as an E-mail. My County does a fairly good job of screening junk mail, promotions, ads, and sexual items that still find their way through. My best solution to not worry about getting this junk mail, or getting a virus is to never open an E-mail that I don't recognize the sender. So many are deleted (and never seen or opened). So now someone understanding it is OK to send a records request via E-mail will wonder why they haven't heard from my office, because it was trashed without opening it. Thanks for your consideration.
Benton County Assessor Barbara Wagner.
